

LETTER TO THE EDITOR

Leigh was one of the most well informed county commissioners that I have come across in my 16 years as a former Retirement Services Director for Nationwide Retirement Solutions. During my tenure with Nationwide, Leigh was an appointed member of the National Association of Counties Deferred Compensation Committee and was an involved leader when working in employee benefits specifically the Stearns County 457(b) Defined Contribution Plan.

As a manager working across the table from Leigh, I always valued his directness and his uncanny ability of getting to the bottom quickly of any issue.

On November 4th, I would encourage a vote for a man of conviction, fair play and a strong sense of doing what is right for his constituents.

Vote for Leigh Lenzmeier, Stearns County Commissioner

Thomas S Jones CRA, CRC
